

**Do you coach? Then we would like to hear from you...**

## **Coach Tracking Study** **Working Together to Change the Future of Coaching**

Why do people become coaches?  
How do coaches develop?  
What are the available career pathways open to coaches?  
How can coaching improve professionally?

**We want to listen to what you have to say!**

**sports coach UK** is about to embark on a four year Tracking Study of coaches in the UK to gain a better understanding of:

- coach development in terms of education, qualifications and experience
- the impact of coach education and support programmes on coaches' experiences, knowledge and practice
- the changing career profile of coaches and the development of coaching career pathways

### **Who can take part?**

Anyone who is actively coaching! Participation is open to **ALL** coaches of any background

### **What would you have to do?**

Taking part will involve completing a postal/web survey at regular intervals throughout the 4-year timeline of the entire project.

### **What's in it for you?**

Participants will receive the following for the length of their involvement in the study:

- subscription to *coaching edge* – the UK's leading coaching magazine (quarterly)
- an update newsletter
- information on the latest coaching research
- information on forthcoming coaching events
- a chance to take part in the biggest survey of coaches ever

**For further information** on how to get involved contact Melina Timson-Katchis, Researcher at **sports coach UK**.
